

Government of Kenya open data initiative

www.opendata.go.ke

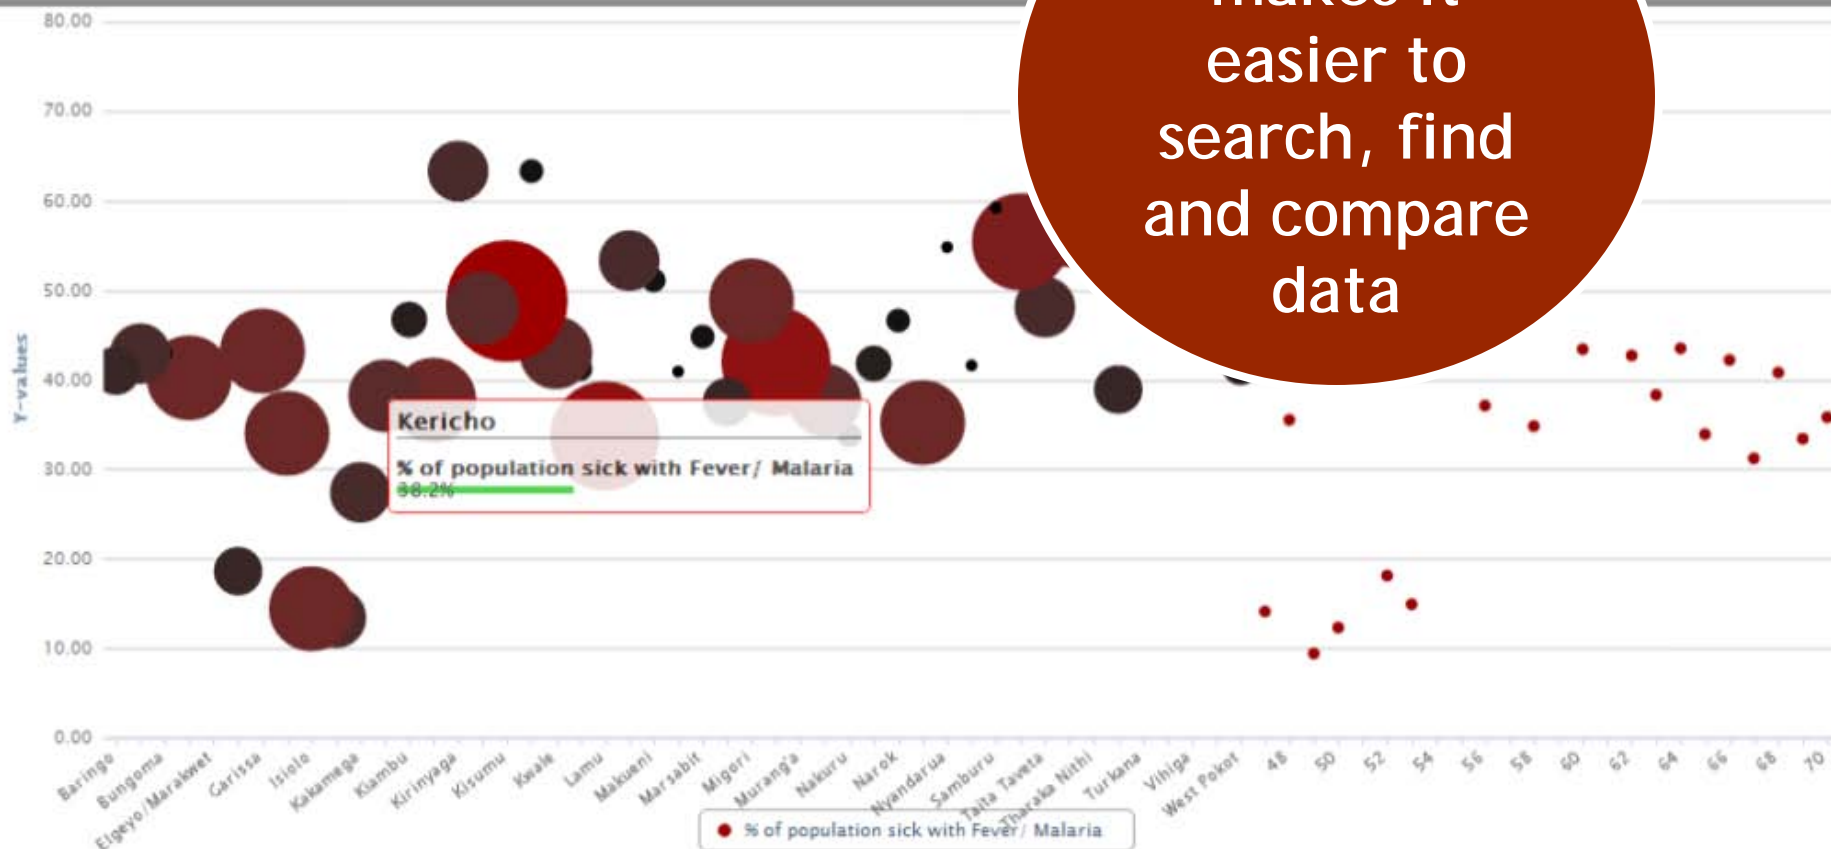

What is Open Data?

Government collects and publishes lots and lots of information, but often the data is hard to find...

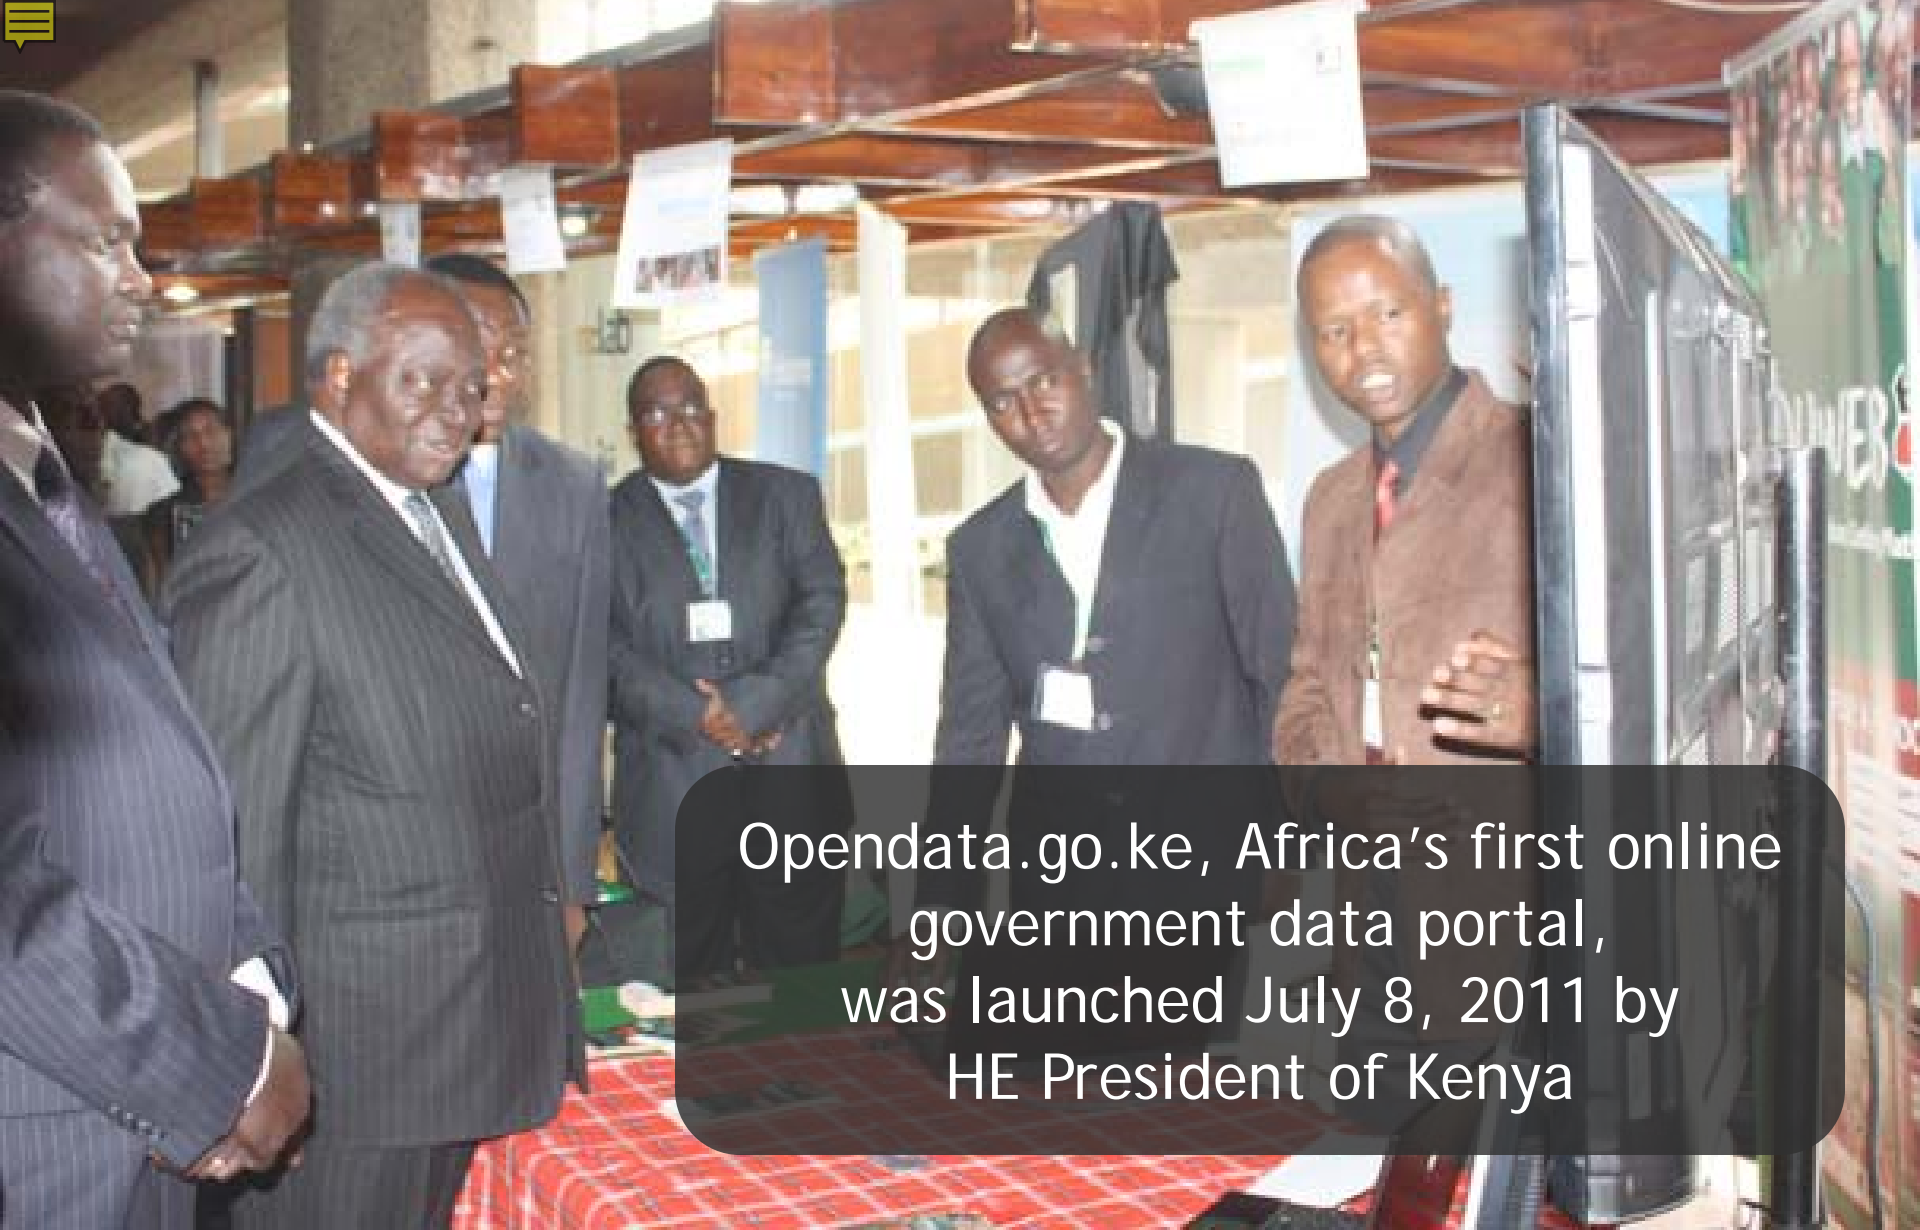

Unsaved View Save As... Revert
Based on County Health Visualization 1

Open Data makes it easier to search, find and compare data

Open Data
is not only about
creating efficiency...

it's about increasing
transparency and accountability

Opendata.go.ke, Africa's first online government data portal, was launched July 8, 2011 by HE President of Kenya

How can you find data?

Online Government Data can be found through:

- 1 On www.opendata.go.ke portal
- 2 Through third party web and mobile applications
